Golf Course Multi-Use Facility

Project Name: Multi-Use Facility at the Golf Course Cost: \$4,755,206

Description:

Clubhouse project proposal provides for a multi-purpose facility to be used as a banquet hall, meeting space, and restaurant as well as serving the golf community with a "Grapevine Class" clubhouse, pro shop, locker room and associated amenities.

Background:

The current clubhouse was constructed in 1978 with the Concourse being completed near the same period. The current facility provides the community with a basic level of golf services.

Golf Course Multi-Use Facility
